

February 12, 2025

Dear Supporter,

This letter is to confirm that Daffydil is organizing a Canadian Cancer Society (CCS) approved independent fundraising event and that by donating funds or gifts-in-kind to this event, you are helping to champion world leading outcomes in cancer prevention, treatment, and support.

For over 100 years, the Faculty of Medicine at the University of Toronto has performed Daffydil, a spectacular theatrical production, to raise money for the Canadian Cancer Society. Since its inception, Daffydil has raised over \$700,000 for charity. The show is entirely produced, directed, written, and performed by students in the Faculty of Medicine. **Daffydil - The Hippocratic Oaf** will run on **February 20-22, 2025**.

Through a donation of funds or gifts-in-kind to an event like Daffydil, you help:

- Fund Canada's most promising cancer research and save more lives. Today, about 60% of Canadians diagnosed with cancer will survive at least 5 years after their diagnosis.
- Stop cancer before it starts. Our researchers are working to prevent cancer while we promote healthy lifestyles. We advocate for policies that protect our health and support Canadians who have cancer, as well as their caregivers.
- Ensure that no one has to face cancer alone. We offer compassionate and personalized services to those diagnosed with cancer, as well as supporting their family and friends. We are here to help answer questions about treatment, diagnosis, care and more.

If you would like to provide a gift-in-kind, prize, or monetary donation to support this fundraiser, please reach out to **Vidhi Bhatt** directly at daffytoronto@gmail.com.

Thank you for your consideration to support this fundraiser and make life better for those Canadians affected by cancer.

Sincerely,

Theresa Fajardo
